

## SPECIFICATION SHEET

### Forest Signature

The Forest Signature is at once a celebration and culmination of the Forest evolution. From its inception, the Forest became an enduring favorite amongst true audiophiles. The new Forest Signature is a transcendent upgrade in every aspect, from its critical components to final acoustic performance. It offers unparalleled musicality and spatial imaging while faithfully rendering subtleness and attack/decay harmonics.

All Forest Signature woofers and tweeters are individually inspected, measured and tested using Totem's own exceptional quality procedures. This ultra-performance columnar loudspeaker radiates superb musicality for both stereo and multi-channel listening.

Magnetic grill included.

#### Dimensions
