COLLECTION

## Define your Musical Journey

The exceptional MOON 371 network player/amplifier is the keystone of the groundbreaking COMPASS Collection. It seamlessly combines all the functions any music lover could ever need within a single, beautifully crafted unit.

Engineered for extraordinary performance and reliability, the MOON 371 elevates every musical experience through its advanced MDCA amplification technology. Seamless connectivity to music streaming services such as Tidal, Deezer, Qobuz, and Spotify is effortlessly achieved, and it is also compatible with Apple AirPlay and Roon.

Vinyl enthusiasts will appreciate the premium built-in phono stage, which brings the warm, rich sound of records to life. A stunning colour screen enhances the user experience by clearly displaying settings and track information, while the elegant CRM-4 remote offers intuitive control.

Sure to satisfy even the most discerning listeners, the MOON 371 stands out as the perfect network player/amplifier to define any musical journey.
